

Safety Data Sheet

1. Identification of the Product and Company

Trade name: DryBarrier Subfloor
 Application of the product: Modular subfloor tile system typically used directly on concrete slabs
 Manufacture/Supplier: Duradrive Systems International Inc.
 250 Rowntree Dairy Road, Woodbridge ON, L4L 9J7
Tel: 866.774.3872 **Web:** drybarrier.com

2. Hazards Identification

Hazardous Components: None

3. Composition/Information on Ingredients

Description: Thermal plastic elastomer used as a sub- floor underlay to floor covering
 Hazardous ingredients: None

4. First-Aid Measures

After inhalation: Not applicable
 After skin contact: Not applicable
 After eye contact: Not applicable
 After swallowing: Not applicable

5. Fire-Fighting Measures

Suitable extinguishing media: All (water, Foam, Encapsulating Fire suppressant, Dry powder)
 Special hazards from the products itself, Its product of combustion or resulting gases: Do not inhale combusting gases
 Protective equipment: Use self-contained breathing apparatus

6. Accidental Release Measures

Person-related safety precaution: Not applicable
 Measurable for environmental protection: Not applicable
 Measurable for cleaning/collecting: Not applicable

7. Handling and Storage

Information for safe handling: No specific measures required
 Information about storage: No specific measures required

8. Exposure Controls / Personal Protection

Ingredients with occupational exposure
 Limits to be monitored: Not applicable
 General protective and hygienic measures: Not applicable
 Respiratory protection: Not applicable
 Hand protection: Not applicable
 Eye protection: Use of personal eye protection during installation
 Skin protection: Not applicable

This information and data is based on our knowledge and is intended to describe the product with regard to safety requirements. They are not to be used as property specifications of the product.

9. Physical and Chemical Properties

Physical state:	Flexible floor covering
Form:	2' x 2' tile
Colour:	Black
Odour:	may contain a very mild odour will dissipate in time
Melting point:	120-165 Celsius
Flash point:	350 Celsius
Danger of explosion:	not applicable
Density:	not applicable
Solubility:	Insoluble in water or conventional solvents

10. Stability and Reactivity

Thermal decomposition:	Stable at ambient temperature
Hazardous reaction:	None Known
Dangerous decomposition products:	None Known

11. Toxicological Information

General information:	No harmful effects have been reported to date
----------------------	---

12. Ecological Information

Information about elimination:	Product is not biodegradable
Other information:	No harm to the environment. Insoluble in water. Not expected to bio-accumulate

13. Disposal Considerations

Product:	100% recyclable. Code 7
Packaging:	Packaging should be subjected to waste management schemes (recovery recycling) in accordance in local and national legislation

14. Transportation Information

ADR:	Not Restricted
ADNR:	Not Restricted
RID:	Not Restricted
IATA:	Not Restricted
IMDG:	Not Restricted

15. Regulatory Information

Labelling in accordance with EC directives:	The product does not require a hazard warning label in accordance with EC directives or relevant national laws
---	--

16. Other Information

Department issuing MSDS:	Product Development
Contact:	866-774-3872

This information and data is based on our knowledge and is intended to describe the product with regard to safety requirements. They are not to be used as property specifications of the product.
